Connection with natural environment

Contact with nature is essential for human well-being. It allows us to disconnect from a busy world, and gives us the chance to rest and improves our overall energy levels.

Soho Town features a unique, biodiverse garden space with native plant species where you can enjoy a walk outdoors in a tranquil environment.

Additional outdoorspacesincludeeachchildren'splayarea,adynamicandflexiblecoworking space with multiple work areas.

The paddle court, yoga area, and gym are integrated with the surrounding nature, becoming places in which to relax and unwind in your free time.
